Subject: Microsoft Settlement

Hello,

Thank you for giving me the opportunity for voicing my concerns regarding this settlement. This is a bad idea. Microsoft is a rouge company and has abused it's power countless time in the past. Is has absolutely no respect for the law unless it is for it's own gain. It is a ruthless company that will do anything to get it's way. We need to punish the guilty, not reward them.

Proud to be a citizen of this great country ! Thanks.
